Take the following 2 steps to read the articles and academic papers.

1. **Which journal contains the article?**
   Use “CiNii Articles” and “magazineplus” to know the title, volume and page of the journal that contains the article or academic paper.

2. **Where is the journal?**
   Search for DOORS (Doshisha Univ. tab) and check the location of the journal.

   See the following for more details.

---

**How to Narrow Down Results**

You can reduce the irrelevant results with DOORS functions.

- **Select the Material Type**
  You can use filters on the left side of the results.

- **Use the Advanced Search**
  You can edit the criteria in detail on Advanced Search.

- **Search by ISSN**
  ISSN (International Standard Serial Number) is identify a serial publication. Put ISSN of your journal in search box and you can find it more easily.
