## Limit the type of resource

You can select the type of resource to search from "All," "Journals Only," "Books Only," and "Videos Only."

\*The type of resource you select here will be reflected in the search results of (2), (3) and (4).

## (2) Search by Title or ISSN/ISBN

#### Search by Title

You can search for an electronic journal or an electronic book by title.

Enter the title in the search box and click the search button.

#### ★Search Tips

Select the search condition from the pull-down menu.

- "Title begins with "
- "Title equals "
- "Title contains all words"

\*You cannot search by the title of an article or a paper.

### Search by ISSN/ISBN

You can search by ISSN/ISBN.

Select "ISSN/ISBN equals" from the pull-down menu, enter the ISSN/ISBN in the search box and click the Search button.

## (3) Browse by the first letter of a title

You can browse by the first letter of the title of an electronic journal or book. Click the first letter of the title.

## (4) Browse by subject

You can browse by subject category. Select a subject category you want to browse from the pulldown menu.

## (5) Search by database list / publisher site

This is the list of publishers and databases subscribed by the university that provide electronic journals and books. Clicking a link will redirect you to the corresponding provider website or database, where you can search for the item you need.

#### (6) Search by some appropriate citation information (Citation Linker)

You can check the availability of full text by entering the citation information.
